

TRIVIA QUIZ - PICK A NUMBER

Objective

To provide a fun review of information that members feel they know or should know but frequently cannot recall.

Procedure

Numbers from 1-25 are written on a board or cardboard squares. Teams of any convenient size take turns to choose a number and attempt to answer the question for that number. If an incorrect answer is given, the number remains for another team to attempt. The team which answers the most questions correctly is the winner.

Note: All answers in the example below are correct as at October 2008.
